School number: 1066

School name: Hackham East Primary School

School Profile:

Hackham East Primary School is a State Co-Educational School located between the Southern Beaches and the Southern Vales south of Adelaide. The R-6 School works collaboratively with the Hackham East Kindergarten which is onsite to develop an engaging teaching and learning program that has a local and global emphasis. The school has a current enrolment of 208 students with another 13 students expected in the Mid-Year Intake.

Our School Values of Good Manners, Persistence/Resilience, Courage, Compassion and Friendliness sit under our High Behaviour Expectations of "We Are Respectful, Inclusive Learners." We have a positive approach to support students to achieve these behaviour expectations through The Play is the Way Behaviour Education Philosophy and Positive Behaviour for Learning. The school is an identified Lead Site for Interoception, a program aimed at building students' self-regulation skills.

There is a strong teaching focus on Student Wellbeing, Literacy, Numeracy, and supporting students through inquiry to incorporate curiosity, creativity and critical thinking. We work in collaborative year level teams to plan high quality learning. Our ongoing focus is on developing the essential skills of Literacy and Numeracy and providing opportunities for our learners to be problem solvers who can think creatively, critically and work collaboratively with others.

Specialist subjects are World Cultures, The Arts, Health/PE and Science. The school has invested significantly in digital tools and infrastructure including a 1:1 iPad program for Years 3 to 6 which enables students to develop skills and dispositions to be successful in the digital future.

We have an onsite Out of School Hours Care facility that is available before school, after school and we offer a Vacation Care Program. The OSHC program works closely and collaboratively with the school.
